

Nour Ehab Samir

Location: Giza, Egypt

Email: nour.ehab167@gmail.com | Phone: 01012097754

Education

Helwan University, Giza, Egypt

Bachelor of Computer Science and Artificial Intelligence (2024 – 2028)

Experience

Machine Learning Intern | National Telecommunication Institute (NTI)

Currently training in Machine Learning, focusing on supervised and unsupervised learning, model evaluation, and data preprocessing using Python libraries.

Skills

Programming: Python (NumPy, Pandas, Matplotlib, Scikit-learn), C, HTML, CSS

Data Analysis: Data preprocessing, feature engineering, and visualization

Problem Solving, Teamwork, Communication

Projects

Egyscape | Front-End Project

Developed a web application with a team to promote tourism and help explore historical and archaeological sites in Egypt. Achieved full marks for the project.

Languages

Arabic (Native), English (Proficient)
